REMOTE ISLANDS

Luxury Bespoke Travel. Private Jet Journeys.

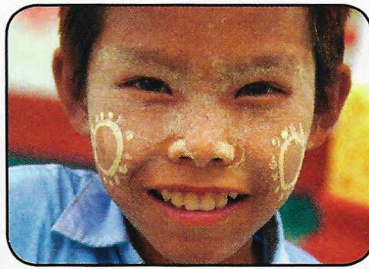

Travel in sybaritic style and learn about Asian culture through its food

with celebrity authors Gael Greene and Simon Winchester. Remote Lands' unprecedented insider access opens doors to exceptional people and exclusive events rarely available to the traveler. Meet Asian royalty; participate in a traditional Bhutanese wedding; visit India's oldest synagogue built in 1568, and dine with the intelligentsia in their homes and view their private art collections.

Enjoy hedonistic massages, dine on marvelous food and wine, and stay in five-star hotels (or even a yurt outside Kashgar if you desire!). Have a stimulating, edifying and enriching once-in-a-lifetime experience that broadens your horizons
